EVENTS REDEFINED

Built by master craftsmen in the 1800s, The Hawthorn radiates historic charm with its original wooden beams, paned glass windows, and sprawling brick walls. We've updated the space with modern must-haves like a catering kitchen, a private suite, and a 65-foot vintage wraparound bar. The result? A versatile venue that's both timeless and stylish. It's neutral enough for your personal touch, yet striking on its own. Historic, but not too quaint; modern, but never cold. Steeped in Portsmouth history, The Hawthorn is ready to host the next chapter of your story.
